

NOM是墨西哥官方标准 "Normas Oficiales Mexicanas" 的简称。该标准是以《墨西哥计量与标准联邦法》(LFMN)为基准, 实施市场规范制度。该制度要求所有管控范围内的产品必须符合NOM标准,并且加贴NOM 标志才能在市场上进行流通。NOM (Normas Oficiales Mexicanas) 标记是墨西哥的强制性安全标志,产品上带有NOM标志,用以表明该产品是符合相关的标准。沃特是中国境内少有的获得墨西哥政府和ANCE认可, 并且直接在本土做测试的实验室之一。

认证名称	NOM
产品范围	家用电器等(见一下连接)
是否强制	是

NOM认证流程

Mexico NOM Certificate

NOM is short for Normas Oficiales Mexicanas and implements market regulation system based on Mexican Federal Law on Metrology and Standardization (LFMN). This system requires that all the products within the scope of management and control must comply with NOM standards and be added with NOM mark, then can enter and circulate in the market. NOM is Mexican mandatory safety mark. The product has a NOM mark to indicate that the product meets relevant standards. Waltek is one of the local laboratory, which can conduct the local test and have the approval of Mexico government and Notified Body: ANCE.
